

Botron Bright yellow disposable dissipative heel grounders are made from the best products on the market. These units are ideal for visitors and will cut the cost of using high priced standard heel grounders. They are one size fits all and provide excellent visibility. All visitors must wear two grounders. **Disclaimer.** All statements of technical information are believed to be true and are based upon tests we believe to be reliable. The proper use and application for this product must be the responsibility of the user. The statements herein shall have no force or effect.

Release paper with pressure sensitive adhesive
