

Cost-effective, fast and compact vacuum sealer that in less than two cubic feet of space outperforms other sealers in its class!

Botron AVN Series Retractable Nozzle Vacuum Sealer with (NO Gas Flush.)

The AVN provides the best of both worlds... compact, portable design with outstanding gas-flush vacuum packaging performance. Our reputation for making durable, easy to use vacuum sealers continues in the AVN's heavy-duty design and foot pedal activation. IT'S THAT EASY! The AVN's performance will increase your productivity and it's low price will surprise you.

The heavy-duty AVN is Clean Room compatible, designed with a low noise, non particle-generating compressed air-driven ejector pump that is 100% maintenance free, to assure you of a clean, contaminant-free packaging environment. It's strong 1/4" wide sealing element will quickly and easily give you a consistent leak-proof seal for your moisture barrier bags; perfect for Dry Packaging applications on trays, tape reeled products, tubes and other shipping containers. The unique Stainless Steel Retractable Nozzle design reduces the operator-bag manipulation during the vacuum cycle and maintains a high suction flow.

The AVN comes with advanced safety features for your protection. It also comes with spare replacement parts. All connections are supplied for a quick and easy setup. Also was made to provide you with years of dependable service.

FEATURES • Clean Room compatible

- Foot Pedal activated
- Vacuum, Heat and Cool Timers
- Works with all popular moisture barrier bag materials
- Vacuum Gauge • Stainless Steel High Flow Retractable Vacuum Nozzle
- Spare parts, fittings, air and gas tubing included
- One year limited warranty

SPECIFICATIONS

- Seal size: 20", 25", 30" and 35" seal length, 1/4" seal width (based on unit size)
- Unit size (in): 28", 33", 38" and 43" Length respectively, 10" Width, 7" Height
- Vacuum flow: 3 CFM • Max. vacuum pressure: 25 inHg
- Air requirements: 5 CFM @85PSI
- Power requirements: 120 Volts AC, 6Amps (during heat cycle only)
- Approximate weight: 30, 36, 42 and 48 Lbs. respectively
